## Determination of Patent Term Adjustment under 35 U.S.C. 154 (b) (application filed on or after May 29, 2000)

The Patent Term Adjustment to date is 748 day(s). If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the Patent Term Adjustment will be 748 day(s).

If a Continued Prosecution Application (CPA) was filed in the above-identified application, the filing date that determines Patent Term Adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system (<http://pair.uspto.gov>).

Any questions regarding the Patent Term Extension or Adjustment determination should be directed to the Office of Patent Legal Administration at (703) 305-1383. ## Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

### Section 1.18 Patent post allowance (including issue) fees.

(a) Issue fee for issuing each original or reissue patent, except a design or plant patent:

By a small entity (Sec. 1.27(a))..... \$665.00  
By other than a small entity..... \$1,330.00

(b) Issue fee for issuing a design patent:

By a small entity (Sec. 1.27(a))..... \$240.00  
By other than a small entity..... \$480.00

(c) Issue fee for issuing a plant patent:

By a small entity (Sec. 1.27(a))..... \$320.00  
By other than a small entity..... \$640.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

## **Remarks**

As to the Information Disclosure Statement filed on August 5, 2002, the  
plaintiffs' failed to provide a date for item 13 – the Policy-Based Network Architecture  
reference by Allot Communications. Given that there is no date on the reference and  
it is labeled as "company confidential," there is no evidence in the record to suggest  
the reference is prior art.

### ***Allowable Subject Matter***

Claims 1-48 are allowed.

10 The following is an examiner's statement of reasons for allowance:

11 As to claim 1, the prior art of record does not teach or suggest a combination as  
12 claimed using a backup routing communication protocol stack that routes messages on  
13 connections to a VIPA and an associated port to the actual current target stacks  
14 associated with the connections. As to claim 11, the prior art of record does not teach  
15 or suggest a combination as claimed that uses a backup routing communication  
16 protocol stack that takes ownership of routing functions for a VIPA in the event of failure  
17 of the primary routing communication protocol stack associated with that VIPA. In the  
18 specification at pages 5-6, the Applicants make various comments differentiating their  
19 invention from what the Examiner has found to be the closest prior art. Upon  
20 consideration, the Examiner agrees with the Applicants' characterization of the state of  
21 the prior art. As to U.S. Patent No. 6,430,622, it is the patent resulting from the "VIPA  
22 takeover" application described on page 6 of the specification and therefore does not

1 describe the use of a backup routing communication protocol stack as claimed.  
2 Likewise, the Devine, M., TCP/IP Application Availability and Workload Balancing in the  
3 Parallel Sysplex, Share Technical Conference, pp. 1-17, August 22-27, 1999 (reference  
4 14 on the IDS filed on October 23, 2000) describes a "VIPA takeover" system. As to  
5 apparatus claim 17 and computer program product claim 33, they correspond to method  
6 claim 1 and are allowed for the same reasons. As to apparatus claim 27 and computer  
7 program product claim 43, they correspond to method claim 11 and are allowed for the  
8 same reasons.

9 Any comments considered necessary by applicant must be submitted no later  
10 than the payment of the issue fee and, to avoid processing delays, should preferably  
11 accompany the issue fee. Such submissions should be clearly labeled "Comments on  
12 Statement of Reasons for Allowance."

13

14 ***Conclusion***

15 A shortened statutory period for response to this action is set to expire **three**  
16 **months** from the mail date of this letter. Failure to respond within the period for  
17 response will result in **ABANDONMENT** of the application (see 35 U.S.C. 133, M.P.E.P.  
18 710.02, 710.02(b)).
